

The Wisconsin no call law is and has been a huge factor to improving our quality of life by reducing the number of unwanted calls to our home. With small children, reduced interruption during the day and especially the evening is really helpful. Seriously, if people wanted these calls, they wouldn't be on the list in the first place, would they? Let the people in Wisconsin have the voice and decide what they want and not some group of lobbyists. Let's leave the state rights alone and let our no call law stand as it is.
